

# FFC Connectors

## FFC2B35

- Ⓞ Extremely competitive 0.5mm FFC connector solution with low MOQ's available for common pin counts.
- Ⓞ Features new Front-flip actuator arrangement, which compliments existing Slide and Back-flip options within the GCT 0.5mm FFC connector range.
- Ⓞ Horizontal SMT product is available in a bottom contact configuration with Gold Flash or Tin plating across primarily 4 thru 60 pins.
- Ⓞ Compliment with custom FFC cables – utilise GCT's p/n builder to define a custom solution – see <https://gct.co/pnb/basket/ffc>

## Vital Stats

Pitch

0.50mm

Actuator Type

Front Flip Lock

No. of Contacts

4-60

Profile

2.00mm

Contact Type

Bottom Contact

## Applications

Imaging Equipment  
Instrumentation  
Medical  
Consumer Electronics  
Displays
