Picade Wiring Loom v2 CAB1200

This wiring loom has all the cables and connectors you'll need to connect a joystick, arcade buttons, and illuminated button to Picade X HAT. It's ideal for DIY arcade cabinet builds.

The loom consists of four separate sets of wires (26AWG), all 35cm long:

- 5-pin female connector to 5-pin male Dupont connector (for our new joystick)
- 12x spade connectors (2.8mm) to 6x 2-pin male Dupont connectors
- 12x spade connectors (2.8mm) to 6x 2-pin male Dupont connectors
- 2x spade connectors (2mm) to 2-pin male Dupont connector (for illuminated button)
