3M Change Notification for 3M[™] Round Conductor Flat Cable, Series 3601, 3604, and 3609 cables and select 3M[™] Molded Assembly, 1M Series Cable Assemblies

To Our Valued Partners:

In our last communication regarding the source of supply change from the US to Mexico for these cables and cable assemblies, we indicated that orders from the new location were expected to start in January 2021. Due to COVID-19, this timeline has been delayed and we are now anticipating orders to begin shipping in August 2021. Accordingly the ordering timeframe has been extended as well. See below for key actions required.

The list of impacted SKUs is attached in Appendix A. 3M will execute a full qualification on these materials and expects no changes to form, fit, or function. The end user will need to evaluate the new cable products and determine whether they are suitable for their intended application. Due to the country of origin change, 3M will need to provide new SKUs and will do so as they are available. Catalog part numbers (e.g. 360X/XX) will remain the same.

Actions Required:

3M is recommending the following actions:

- 1. Forecast total projected demand from January through August 2021 with sufficient safety stock.
 - a. Note that orders for the current SKU will not be accepted after 9/4/2020.
 - b. New SKU and ordering details will be provided as soon as they are available.
 - c. We expect to be able to take orders for the product with the new COO no earlier than 8/1/2021.
- 2. Place non-cancelable blanket orders for the projected total demand by <u>9/4/2020</u>. 3M will allow non-cancelable blank orders to be scheduled through <u>9/30/2021</u>.
- 3. These orders will be in addition to, not in place of, any other orders already placed for these products.

If you have any questions, please contact your 3M representative who will be pleased to help you. Thank you for your continued partnership with 3M.

Sincerely,

Kim Griger Marketing Manager 3M Interconnect Products
