

Product Update Notification

Monday, May 04, 2015

Dear Valued Channel Partner:

Alpha Wire has just discovered that two of our most popular spiral wrap product lines are also zero halogen. We wanted to share this information with you so we can get your specifications and product information updated.

Alpha Wire's zero halogen FIT spiral wrap tubing simplifies wire harnessing, cabling, and bundling with no installation tool needed. It wraps tightly to the wire and cable being bundled, yet is flexible and simple to apply. All types maintain flexibility even when bent around sharp edges. Breakouts or tap-off connections may be made through the openings of the wrap. Alpha Wire's SW spiral wrap is constructed from several semi-rigid tubing materials and then cut on a continual spiral.

Try our **zero halogen** lines of spiral wrap, paired with our recyclable zero halogen [EcoGen](#) family.

Zero Halogen Spiral Wrap

Natural Polyethylene (SW-1 to SW-6) and Nylon (SW-20 to SW-25)

Natural Polyethylene (SW-1 to SW-6)	
Item Number	Put up
SW1 NA002	500 FT
SW1 NA005	100 FT
SW1 NA008	25 FT
SW2 NA002	500 FT
SW2 NA005	100 FT
SW2 NA008	25 FT
SW3 NA005	100 FT
SW3 NA008	25 FT
SW4 NA005	100 FT
SW4 NA008	25 FT
SW5 CL002	500 FT
SW5 CL005	100 FT
SW5 CL008	25 FT
SW6 CL002	500 FT
SW6 CL005	100 FT
SW6 CL008	25 FT

Nylon (SW-20 to SW-25)	
Item Number	Put up
SW20 NA002	500 FT
SW20 NA005	100 FT
SW20 NA008	25 FT
