

Product End-of-Life (EOL) Notification

EOL Number: HE124303

Notification Date*: October 26, 2012

Product Description & Replacement:

ATR0610-PQQ-43 - No Replacement

Reason for EOL:

In support of Telefunken Semiconductor GmbH (TSG) wafer start requests that significantly exceed current run rates, Atmel is pulling forward future wafer demand on those existing Atmel products which are exclusively manufactured by TSG. In order to ensure that Atmel does not purchase wafers in excess of certain Customer demands Atmel is issuing EOL notices to align life time demand.

As the wafer start rates currently exceed demand, Atmel has shortened the last time buy period to enable us to quickly assess and build the correct mix of products and thus mitigate risk.

Atmel kindly requests that last time buy orders be placed by 31st of December.

Due to recent release of this product related to its transfer from Package supplier Chinteik Thailand to Amkor Philippines, this End of Life document is released with some delay to the other Atmel GPS products.

Last Time Buy Date: December 31, 2012

**All orders placed after the notification date are non-cancellable and non-returnable (NCNR).*

Last Ship Date: December 31, 2013

Atmel Contact: Please contact your Atmel Sales Representative or Distributor for additional information (when replying via e-mail please include EOL number in subject line)

Information provided herein is in connection with Atmel products and this information is provided "AS IS". Atmel assumes no responsibility for any errors that may appear in this document. No license, express or implied, by estoppel or otherwise, to any intellectual property rights is granted by this document. Except as provided in Atmel's Terms and Conditions of Sale for such products, Atmel assumes no liability whatsoever, and Atmel disclaims any express or implied warranty, including liability or warranties relating to fitness for a particular purpose, merchantability, or non-infringement of any patent, copyright or other intellectual property right.
