RE: 304-28-XX-MC-OXXXF
(FLAT RIBBON CABLE, 28AWG, 1.27MM (0.050") PITCH MULTICOLOR)

To Whom It May Concern,

We will discontinue our 304-series. There will be no replacement part numbers.
They will be not obsolete, but low sales will not justify the extreme UL renew expenses.

Best regards,

H. Meyer
