

## **PRODUCT END OF LIFE NOTICE**

CTS Part Number		Product Description		
CTS100ELT23DG, T	G	Dual Differential PECL to CMOS/TTL Translator		
CTSLV310QG, TG		LVPECL, LVDS Buffer and Translator		
CTSLV351SG		Low Phase Noise LVPECL Buffer and Translator		
CTSLV353PG, QG		Low Phase Noise LVPECL Buffer and Translator		
CTST570QG		Programmable Capacitive Tuning IC		
CTST571QG, MG		Programmable Capacitive Tuning IC		
CTSLV315QG, TG		LVPECL, LVDS Buffer and Translator with gain		
Product Char	nge	Process Change		
This change is notification only - no customer response is required.				
Customer authorization is required. Please confirm acceptance by email or other written communication.				
Description of The purpose of this notification is to inform our customers that the CTS				
Change:		roducts listed on this PCN are being discontinued and are End of		
onange.	Life.			
Reason for Change:	Insufficient marke	Insufficient market demand		
Change from: Products are active and available to order.				
Change to: Products are obsol		olete and no longer available to order.		
Implementation	May 2, 2016			
Implementation May 3, 2016 Date:				
Notes:	CTS offers a last-time-buy opportunity (MOQ 1000 pcs) for all of the devices affected by this PCN. A LTB order must be received no later than November 3, 2016 with receipt taken no later than May 3, 2017. All part numbers listed on this PCN have direct pin for pin compatible, and performance compatible crosses available directly from Arizona Microtek, <a href="http://azmicrotek.com/">http://azmicrotek.com/</a> , (see list below).
