Product Obsolescence Information:

Cypress announces the obsolescence of select products from its portfolio resulting from an internal review and business decision to discontinue support. The Affected part numbers are listed in the table below.

The part listed as the “Drop-In Replacement” will perform the same task but with improved or revised technology. The development kit listed as the “Next Best Alternative” is the next best vehicle for developing or evaluating the underlying Cypress solution. The recommended substitutes for the development kits are self-contained kits and do not require any parts from the terminated products.

Last Time Buy (LTB) and Last Time Ship (LTS) dates are also provided for each product. The LTB date denotes the last day on which orders will be accepted; these orders may be scheduled for shipment through the LTS date provided.
