Product Name:	All GIG-Array IMLA Components			
Product Manager:	Talee Luo			
Subject:	Notification of Planned Change			
Distribution:	General			
Type of Change:	Location Change			
Change Description:	Transfer of the GIG-Array IMLA manufactured at FCI USA to FCI CHINA.  The process move from USA starts by April and will complete by June 2013. Production from China Site is expected to start by July 2013. So before March 2013, Customers need to inform FCI about the approx. demand during April-June period (for keeping enough Buffer stock).			
Reason for Change:	In past years, FCI USA manufactured the GIG-Array IMLA components then shipped to FCI CHINA for Finish Goods assembly. Considering the global economic strategy, FCI is going to transfer all the GIG Array IMLA manufacture process from FCI USA to FCI CHINA.  This would shorten the product leadtime and strengthen service to the customers. There will be no impact to the product's Form / Fit / Function, and will not change the product part numbers or drawing.
