Product:	90 degrees DIMM connectors		Part Numbers Concerned:	See list attached
Product Manager:	Jeff Wu		Issue Date:	Feb. 18 th 2008
			Page(s):	1/1
Distribution:	Active and Contract Customers			

Sub Subject:

Product Discontinuance of 90 degrees DIMM connectors

Nature of Change:

90 degrees DIMM connectors are at their end of technical life and the market demand on these products is very low and decreasing. The market is moving towards the use next generation of memory connectors (DDR3) and FCI is focusing on supporting its customers with these newly developed products. As a result of this focus, FCI will discontinue all 90 degrees DIMM connectors.

FCI will still support these products until August 15th 2008, after August 15th 2008 all these products will be EOL.

Implementation Date:

Last buy date for discontinued parts: Aug. 15th 2008

Last shipment date for discontinued parts: Sep. 15th of 2008

Distributor Inventory Return: N/A

Affected Part Numbers:

See attached list
