

PCN - 12 025

Issue Date: March 01 2012

Product Name:	Post & Box connectors			
	8614 Series Connectors			
Product Manager:	HIRAN NAMBOOTHIRI			
Subject:	Process Change Notification			
Distribution:	Global			
Type of Change:	Manufacturing Process Change			
Change Description:	FCI had developed GXT plating(Palladium Nickel alloy with Gold flash) & had been offering 8614 selective plated connectors with GXT plated contacts for some time now. We are now extending the GXT Plating to the Full 8614 series connectors. Consequent to this FCI will have the flexibility to offer either gold plating or equivalent GXT plating against the same specifications. This change will have no impact on the performance of the connector & there would be no change in the FCI Part number.			
Reason for Change:	Provide additional plating option			
Affected Parts:	List attached.			
Effective Date of Change:	April	01	2012	
Last Time Buy Date:	N/A	N/A	N/A	
Last Disty Return Date:	N/A	N/A	N/A
