HARTING Product Termination Notification

PTN

Business Unit: Electric **PTN/22/017/C+N**
Product range: Other Installation Technology / Closed-Loop **Date:** 2022-07-01
Stromsensor; Differenzstromwandler;
Messwandler
Author: Cuma Yucel
Title: **Phaseout - Current Sensors and Current Transducers - External**

Details of product termination

1. Concerned part numbers:

Closed Loop Sensors:

Transducers:

- 20314000101 Current transformer 142 x 45mm, 4000/5 A
- 20320017101 AC Current Transformer 10A
- 20325000101 Current transformer 5000/5A
- 20325000102 Current transformer 5000/5A calibrated
- 20327000101 Current transformer 230 x 55mm, 7000/5 A

2. Reason for termination:

Closing down the activities in the field of Current Sensors and Current Transducers.

3. Possible replacement products

4. Scheduled date of:

- 1. Last order: see below comment
- 2. Last delivery: 2023-07-31

Customer orders will be processed up to 2022-09-30, we reserve the right to refuse orders. Each customer request will be proved against the availability situation.
