After Change

Overview

- We are changing the sub-product element form in order to meet our product conformance;
 - A sub-product element known as a metal angle plate is getting changed. This metal angle plate was sticking to the hoods of the connector and was getting pressed in the current design. This is undesirable. Cutouts for reverse use are added. Change of the outer geometry to enable reverse application in the connector is also enabled.
- **Product Impact**
 - There is impact to form/appearance of the product
 - No impact on Function and Fit
- **Part Number Impact**
 - See attached impacted parts list
- Qualification Reports and samples available upon request after the date shown above
