May 1, 2021

Product Discontinuation Notice

To all Nidec Copal Electronics customers and distributors.

After a review of our fan product offering, we have decided to discontinue manufacturing select fans due to no or very little sales.

Each fan in our portfolio was evaluated during this review. This will help us focus on our fans that are doing very well and our other products such as micro blowers, switches, joystick encoders, liquid leak sensors, pressure gauges, pressure switches, potentiometers and encoders.

The discontinued products are listed below.

The last orders for these parts will be accepted thru September 30, 2021. The last shipment date will be March 31, 2022.

If you have any questions please feel free to contact Nidec Copal Electronics.

Best wishes and thank you for your continued support.

Best regards,

Bob Wanless Director of Marketing & Distribution
