Description of Change: (Not Required for discontinuation)

The FJMVKITY is a termination kit for Panduit's Opti-Crimp connectors. Since these connectors have already been discontinued and one of the components of this kit are no longer available, Panduit is discontinuing the kit as part of the normal life cycle management of these products. Current customers of the Opti-Crimp product should look at upgrading to OptiCam or Fusion Splice connectors offered by Panduit

IMPACTED PART NUMBER(s)
