IFC - Industrial Field Connectivity	BF7	Product Discontinuation	Notify Distributors and Field	11/29/2018

Phoenix Contact's factory has announced the following product(s) is going to be discontinued. Existing specifications will be met or exceeded. Technical support of the discontinued product will continue, as required. Please review and acknowledge this document and take the appropriate action with respect to your existing inventory and ordering replacement parts.

Description for Product Discontinuation

The old line of programming ports are being discontinued and replaced by the new versions under the HEAVYPORT name. The new HEAVYPORT line will use high-grade, corrosion-resistant aluminum housings from the HEAVYCON line of heavy-duty industrial connectors. Interface plates will now be stainless steel with laser printing.

For items that do not list replacements, a direct replacement has not been created. If that configuration is needed, please enter a Solution Center request to request it as a new design.
