

# Riedon Customer Change Notice Form

 Riedon CCR Number:  
1832

 Page Number: 1 of 1
**Submitted By:**

 RIEDON, INC.  
300 Cypress Avenue  
Alhambra, CA 91801

**Customer:**

Various

**Prepared By:** Don Blankenburg

**eMail:** don@riedon.com

**Date Prepared:** 08/08/2018

**Customer Part Number(s) & Description(s):**

Various

**Riedon Part Number(s) & Description(s):**

All Riedon S and SL-Series surface mount, wirewound resistor products.

**Description of Change:**

 As of the effective date, all Riedon S and SL-series surface mount resistor products will be re-classified from Moisture Sensitivity Level -2 to MSL-1. Reclassification will allow unlimited floor life at  $\leq 30^{\circ}\text{C}/ 85\% \text{RH}$ .

**Reason For Change:**

Previous MSL-2 classification was based on limited testing and test equipment. Recently completed MSL testing using third party acoustic imaging equipment verifies that the products can now be classified as MSL-1. Complete test report available from Riedon upon request.

**Effective Date of Change:** immediately, including all open and future orders

**Part Characteristics Affected:**

No change to part

**Supportive Documentation Attached?**
 No     Yes

**Qualification Testing Performed/To be Performed:**

Riedon MSL re-classification testing according to IPC-JEDEC J-STD-020C and IPC-JEDEC J-STD-033B. Test report available from Riedon, Inc. upon request.

 Change is Permanent  
 Change is for Fixed Quantity  
 Change applies to Customer PO

**Does the change affect the components ability to comply with REACH or RoHS requirements?**
 No

 Yes (if YES, describe in detail):
