**Reason:** Disruption in supply of liner material due to COVID-19.

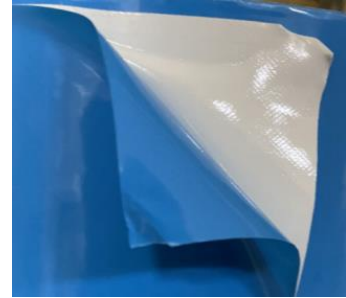

**Description:** Due to the situation regarding COVID-19 in mainland China, our usual supplier cannot currently produce and continue to supply the original red and green liners for Li98. In response to this, Li98 0.15mm and 0.25mm will now both have a blue liner as shown below. The change of liner colour does not affect the function of the product in any way.

Original Li98 – 0.25mm red

Original Li98 – 0.15mm green

New Li98 - 0.15mm and 0.25mm

Should you require more details or wish to discuss this please do not hesitate to contact us at [sales@tglobaltechnology.com](mailto:sales@tglobaltechnology.com).

**Effective date:** Immediately

A handwritten signature in black ink that reads "Duncan Bell". The signature is fluid and cursive.

**Approved By:** Duncan Bell, General Manager
