Re: Obsolescence of the RDS and PAN4820 models

Dear Valued Customer / Partner,

TDK-Lambda has received EOL notices for components in the RDS series of enclosed DC-DC power supplies and the PAN4820 board mount filter. As a note, the RDS was not launched as a full series in the Americas, with sales primarily for spares or replacements. We currently do not anticipate a full launch of the RDS-A series.

Without suitable alternative components, we are offering a last time buy for these products as detailed below. TDK-Lambda recognizes that as a past or current customer of these products, you may require additional units until substitution testing is complete or for service spares.

Part Number	Replacement	Last time buy date	Last shipment date
RDS1002412	RDS100A-24-12	November 24 th 2021	July 7 th 2022 (est.)
