## TE Connectivity

Product Change Notification: PCN-22-138543

PCN Date: 23-MAY-22

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

**General Product Description:**

DT 2 & 3 ways series connector

**Description of Changes**

The ICT business unit of TE is adding a fourth source material for the part numbers listed below. These PNs are TE proprietary designs, therefore considered catalog/general market product. PPAP and/or sample requests must be submitted within 14 days of PCN submission via ict-ppap-request@te.com or ePPAP system. Submission will not occur without request. If PPAP requested, disposition response is required within 14 days of submit date or it will be considered approved. Product drawings are not affected.

**Reason for Changes:**

Dear Customer, we hereby inform you of this change. The change is needed as a result of global demand in excess of PA66 and the available capacity of our suppliers. The additional source material does not impact performance. IMPORTANT: The current and previous revisions of these parts can be used interchangeably in the field. The change(s) are being phased in gradually and previous revision can remain stocked until use. Shipments of both configurations may be mixed
