

REACH-Declaration of conformity

Regulation (EG) No. 1907/2006 of the European Parliament and of the Council for the registration, evaluation, authorisation and restriction of chemical substances

We declare,

that all production activities in the range of input systems, membrane keyboards and foil overlays of the company SCHURTER Electronics spol. s r.o. in conformity with Regulation (EC) No 1907/2006 on the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH), in valid version.

Products are subjects according to article 3, paragraph 3, above mentioned Regulation and there are no obligation to register substances and mixtures due to non-fulfillment of conditions according to article 7, paragraph 1, REACH:

- a) a substance or a mixture is contained in these articles in a total amount **not exceeding 1 ton per year** per a manufacturer or an importer,
- b) **there are no** release of substances under normal or reasonably foreseeable conditions of use.

Safety data sheets of used chemical substances and mixtures, which are used in a manufacturing process, are exclusively in conformity with the REACH regulation. Chemical substances and mixtures, which are used in a manufacturing process, are used exclusively in accordance with the safety data sheet. There are no other possibilities of an exposure or a scenario of an exposure(s), which are not included in the safety data sheet.

The chemical substances and mixtures used in the manufacturing process meet the criteria of the list of substances that subject to authorization (means substances of very high concern) according to the attachment no.: XIV of the REACH Regulation. Final products do not contain any of chemical substances or mixtures listed in the list at a concentration higher than 0.1% of the weight of the product.

The chemical substances and mixtures used in the manufacturing process meet the criteria of restriction of the production, placing on the market and using some of hazardous substances, mixtures and articles according to the attachment no.: XVII of the REACH Regulation. The criteria of restriction, placing on the market and use are included on a level of a processes development, a homologation of strategic materials, or possibly buying a new chemical substance and mixture.
