## SAFETY DATA SHEET

# SRA #80 Solvent-Based, Water Soluble, Wave Flux

DATE REVISED: January 1, 2022

## **SECTION 1 -- IDENTIFICATION**

Part number: FLS80-1G, FLS80-4G

**Recommended use:** Wave Soldering Foam Flux

Manufacturer: SRA Soldering Products. Mfg. Phone No. (508) 668-6044

24 Walpole Park S., STE 10

Walpole, MA, 02081

**Emergency Phone No.:** 1-800-535-5353 (INFOTRAC)

### SECTION 2 – HAZARD(S) IDENTIFICATION

### Classification of the substance or mixture

### **GHS** Classification in accordance with OSHA HCS (29 CFR 1910)

Flammable liquids (Category 2)

Acute toxicity, Oral (Category 4)

Skin corrosion (Category 1B)

H314

Serious eye damage (Category 1)

H318

Specific target organ toxicity after single exposure –

Central nervous system (Category 3) H336 Carcinogenicity (Category 2) H351

Specific target organ toxicity after repeated exposure

(Category 2) H373 Acute aquatic toxicity (Category 3) H402 Chronic aquatic toxicity (Category 3) H412

See below for full text of H-Statement

# GHS Label Elements, including precautionary statements

### **Pictogram(s):**

Signal Word: Danger

### **Hazard Statement(s)**

|   | ~ ~ · · · · · · · · · · · · · · · · · ·  |  |
|---|--|--|
| H225  | Highly flammable liquid and vapor  |  |
| H302  | Harmful if swallowed   |  |
| H314  | Causes severe skin burns and eye damage  |  |
| H318  | Causes serious eye damage  |  |
| H336  | May cause drowsiness or dizziness  |  |
| H351  | Suspected of causing cancer  |  |
| H373  | May cause damage to organs through long-term or repeated exposure.   |  |
| **H402  | Harmful to aquatic life  |  |
| H412  | Harmful to aquatic life with long lasting effects.   |  |
| **May be omitted from label due to presence of stricter or more severe statement(s) |  |  |
| H302<br>H314<br>H318<br>H336<br>H351<br>H373<br>**H402<br>H412                      | Harmful if swallowed Causes severe skin burns and eye damage Causes serious eye damage May cause drowsiness or dizziness Suspected of causing cancer May cause damage to organs through long-term or repeated exposure. Harmful to aquatic life Harmful to aquatic life with long lasting effects. |  |

#### Precautionary statement(s)

| Precautionary statement(s)  |
|---|
| Keep away from heat, sparks, hot surfaces, and open flames. No smoking. |
| Keep container tightly closed.  |
| Ground container and receiving equipment.                               |
| Use explosion-proof electrical, lighting and ventilation equipment.     |
| Use only non-sparking tools.  |
| Take precautionary measures against static discharge                    |
|   |

SDS SRA No. #80. Page 1 of 6

| P261   | Avoid breathing dust, fumes, mist, vapors, or spray                        |  |  |
|--|--|--|--|
| P264   | Wash skin thoroughly after handling  |  |  |
| P270   | Do not eat, drink, or smoke when using this product.                       |  |  |
| P271   | Use only outdoors or in a well-ventilated area                             |  |  |
| P280   | Wear protective clothing and face protection                               |  |  |
| P301+P330+P331   | IF SWALLOWED: Rinse mouth. Do NOT induce vomiting                          |  |  |
| P303+P361+P353   | IF ON SKIN (or hair): Take off immediately all contaminated clothing.      |  |  |
|  | Rinse skin with water or shower.   |  |  |
| P304+P340  | IF INHALED: Remove person to fresh air and keep comfortable for            |  |  |
|  | breathing.   |  |  |
| P305+P351+P338+P310 IF IN EYES: Rinse cautiously with water for several minutes. |  |  |  |
|  | Remove contact lenses, if present and easy to do. Continue rinsing.        |  |  |
|  | Immediately call a POISON CENTER or doctor.                                |  |  |
| P312   | Call a POISON CENTER if you feel unwell.                                   |  |  |
| P332+P313  | If skin irritation occurs: Get medical advice                              |  |  |
| P337+P313  | If eye irritation persists: Get medical advice or attention                |  |  |
| P362   | Take off contaminated clothing and wash before reuse.                      |  |  |
| P370+P378  | In case of fire: Use dry sand, dry chemical or alcohol-resistant foam for  |  |  |
|  | extinction   |  |  |
| P403+P233+P235   | Store in a well-ventilated place. Keep container tightly closed. Keep cool |  |  |
| P405   | Store locked up  |  |  |
| P501   | Dispose of contents to an approved waste disposal plant.                   |  |  |
| Hazards not otherwise classified or not covered by GHS: None                     |  |  |  |

### **SECTION 4 – FIRST AID MEASURES**

### Description of first aid measures

General advice: Consult a physician. Show this safety data sheet to the doctor in

attendance. Move out of dangerous area.

**Inhalation:** If breathed in, move to fresh air. If not breathing, give artificial respiration.

Consult a physician.

Eyes: Rinse thoroughly with plenty of water for at least 15 minutes and consult a

physician. Continue rinsing eyes during transport to hospital.

**Skin:** Wash off with soap and plenty of water. Consult a physician.

**Ingestion:** Do NOT induce vomiting. Never give anything by mouth to an unconscious

person. Rinse mouth with water. Consult a physician.

### Most Important Symptoms and effects, both acute and delayed

The most important known symptoms and effects are described in section 2 (labeling)

### **SECTION 5 – FIREFIGHTING MEASURES**

**Suitable Extinguishing Media:** Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.

**Special Hazards:** No data available

**Special protective actions for firefighters:** Wear self-contained breathing apparatus for firefighting if necessary. Use water spray to cool unopened containers.

# SECTION 6 - ACCIDENTAL RELEASE MEASURES

**Personal Precautions and Equipment and emergency procedures:** Use personal protective equipment. Avoid breathing vapors, mist or gas. Ensure adequate ventilation. Remove all sources of ignition. Evacuate personnel to safe areas. Beware of vapors accumulating to form explosive concentrations. Vapors can accumulate in low areas. *See section 8 for personal protection.* 

**Environmental Precautions:** Prevent further leakage or spillage if safe to do so.

In Case Material is spilled: Contain spillage, absorb with sawdust, then collect with an electrically protected vacuum cleaner or by wet-brushing and place in container for disposal according to local regulations.

### **SECTION 7 - HANDLING AND STORAGE**

**Precautions for safe handling:** Avoid contact with skin and eyes. Avoid inhalation of vapors, fumes, or mist. Use explosion-proof equipment. Keep away from sources of ignition and oxidizing agents — No smoking. Take measures to prevent the build up for electrostatic charge.

For full precaution statements see Section 2

**Storage Requirements:** Store in plastic containers, tightly closed in a dry and well-ventilated place. Containers which are opened must be carefully resealed and kept upright to prevent leakage.

# SECTION 8 – EXPOSURE CONTROLS / PERSONAL PROTECTION CONTROL PARAMETERS

OSHA Permissible Exposure Limit (PEL): 10 mg/m<sup>3</sup>
ACGIH Threshold Limit Value (TLV): 10 mg/m<sup>3</sup>

**Engineering Controls:** Use local exhaust ventilation to maintain air concentrations of vapors and fumes below occupational exposure standards.

**Special Engineering Control Needs:** Explosion Proof, non-sparking equipment

**Respiratory Protection:** Where risk assessment shows air-purifying respirators are appropriate, use a full-face respirator with multi-purpose combination (USA) or ABEK (EN 14387) respirator cartridges as a backup to engineering controls. If the respirator is the sole means of protection, use a full-face supplied air respirator. Use respirators and components tested an approved under appropriate government standards such as NIOSH (USA) or CEN (EU).

**Protective Gloves:** Handle with gloves. (Nitrile Rubber recommended) Gloves must be inspected prior to use. Use proper glove removal techniques (without touching glove's outer surface) to avoid skin contact with this product. Dispose of contaminated gloves after use in accordance with applicable laws and good lab practices. Wash and dry hands after handling.

- **Eye Protection:** Face shield and safety glasses. Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (USA) or EN 166 (EU)
- **Body Protection:** Impervious clothing, flame retardant antistatic protective clothing. The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace

If used in solution, or mixed with other substances, and under conditions which differ from EN 374, contact the supplier of the CE approved gloves. This recommendation is advisory only and must be evaluated by an industrial hygienist and safety officer familiar with the specific situation of anticipated use by our customers. It should not be construed as offering an approval for any specific use scenario.

### SECTION 9 - PHYSICAL AND CHEMICAL CHARACTERISTICS

AppearanceClear liquidOdorAlcohol

Odor threshold<br/>pHNo data available<br/>No data availableMelting point/Freezing pointNo data availableInitial boiling point and boiling range82°C / 178°F

Flash point  $18.3^{\circ}\text{C} / 65^{\circ}\text{F} \text{ (closed cup)}$ 

**Evaporation rate**No data available **Flammability (Solid, gas)**No data available

**Upper flammability or explosive limits Lower flammability or explosive limits**Upper explosion limit: 12%

Lower explosion limit: 2%

Vapor pressure No data available

Vapor density (Air = 1) 2.3

Relative density (Water = 1)0.840 @ 20-25°CSolubility(ies)Miscible in waterPartition coefficient: n-octanol/waterNo data availableAuto-ignition temperature398.9°C / 750°FDecomposition temperatureNo data availableViscosityNo data available

### **SECTION 10 - STABILITY AND REACTIVITY**

Reactivity: No data available

**Stability:** Product is stable under recommended storage conditions

Possibility of hazardous reactions: Vapors may form explosive mixture with air

Conditions to Avoid: Heat, sparks and flames Incompatibility: Oxidizing agents, strong acids

**Hazardous Decomposition Products** Carbon oxides (Under fire conditions)

*In the event of fire: See Section 5* 

### SECTION 11 - TOXICOLOGICAL INFORMATION

**Likely Route(s) of Exposure:** Inhalation, ingestion, skin and eye contact

**Symptoms (Immediate and Chronic) from** 

**Acute Exposure**Prolonged or Repeated Exposure
No data available

Measure(s) of toxicity

No data available

Is this chemical listed in the National Toxicology Program (NTP) Report on Carcinogens?

No data available

Is this chemical found to be a potential carcinogen in the International Agency for

Research on Cancer (IARC) Monographs or by the Occupational Safety and Health Administration (OSHA) No data available

**Additional information** 

Central nervous system depression, prolonged or repeated exposure can cause nausea, headache, vomiting, narcosis, drowsiness. Overexposure may cause mild, reversible liver effects. Aspiration may lead to: lung edema, pneumonia.

To the best of our knowledge, the chemical, physical, and toxicological properties have not been thoroughly investigated

### **SECTION 12 - ECOLOGICAL INFORMATION**

No data available

Persistence and degradability

No data available

**Bioaccumulative potential** No data available **Mobility in soil** No data available

Other adverse effects

Hazard to ozone layer: No data available

### **SECTION 13 - DISPOSAL CONSIDERATIONS**

Waste treatment methods

Product

Burn in a chemical incinerator equipped with an afterburner and scrubber but exert extra care in igniting as this material is highly flammable. Offer surplus and non-recyclable solutions to a licensed disposal company. Contact a licensed professional waste disposal service to dispose of this material.

**Contaminated packaging** Dispose of as unused product.

### **SECTION 14- TRANSPORTATION**

D.O.T. (USA)

**Proper Shipping Name:** Isopropanol

**Identification Number:** UN1219 **Hazard Class(es):** 3

Packing Group: II Reportable Quantity (RQ): 5,000 lbs

D.O.T Label Required Information: Flammable Liquid

### **SECTION 15 - REGULATORY INFORMATION**

**SARA 302 Components** No Chemicals in this material are subject to the reporting

requirement of SARA Title III, Section 302.

**SARA 313 Components** The following components are subject to reporting levels

established by SARA Title III, Section 313:

ComponentCAS No.Revision Date2-Propanol67-63-001-01-1987

### California Prop. 65 Components

This product does not contain any chemicals known to State of California to cause cancer, birth defects, or any other reproductive harm.

### **SECTION 16 - OTHER INFORMATION**

#### **Further information:**

Judgments as to the suitability of information herein or the purchaser's purposes are necessarily the purchaser's responsibility. The above information does not represent any guarantee of the properties of the product. It is believed to be correct, but does not purport to be all inclusive and should be used only as a guide. Reasonable care has been taken in the preparation of this material, and is based on the present state of our knowledge.

SRA Soldering Products. shall not be held liable for any damage resulting from handling or from contact with the above product.
